**When your iPhone 4 is low on power, grab a Juice Pack!** This ultra-thin, hard-shell case **More** contains a rechargeable 2000mAh capacity battery that delivers 129% more power when you need it. You can watch that extra movie, play another game, or listen to music without running out of juice, since it gives you up to 8 extra hours of talk time, 7 hours of internet usage or 44 hours of audio play. Designed especially for the iPhone 4, Juice Pack Plus has an integrated LED status indicator light and stand-by switch, and includes a USB charge and sync cord. (5 x 2½ x ¾"; 4 oz)

This item can be gift bagged.

### Information:

The ultimate iPhone 4 and 4S power user accessory more than doubles the battery power of your iPhone and extends the battery life of your iPhone for hours! It also provides the complete protection of a soft-touch case with protective rubberized band.

### Product Features:

- More than doubles battery life - 2000 mAh capacity, advanced battery technology delivers an incredible amount of "juice" in a small form factor, more than doubling battery life
- Standby/Charging Switch - features a simple toggle switch that allows for standby and charging mode so you only have to use the juice pack plus battery when you need it
- Charge and Sync - Charge and sync your iPhone to iTunes without removing it from the juice pack plus by using the USB cable
- Protective Rubberized Band - The juice pack plus provides a comfortable ergonomic design with the complete protection of a dual-injected hard shell case with protective shock-proof rubberized band
- Status Indicator - The integrated LED status indicator on the bottom tells you exactly how much juice is left at the push of a button. It also indicates the charging status so you know before you go
- Acoustic Sound Enhancement - The case design acts as a virtual speaker box, redirecting sound from the bottom of the iPhone 4 to the front, resulting in a richer, fuller sound quality
- Includes:
  - juice pack plus for iPhone 4 or 4S
  - USB cable for charge/sync
  - User's Manual

**Size:** 5 x 2-1/2 x 3/4"

**Weight:** 4 oz

**Materials:** 2000 mAh battery, plastic
